

## **RW Core Java Developers**

Focus Capital Markets "Where Wall St. and Technology Meet" has done it again in 2015.. Four of the world's premier broker dealers have all signed development agreements with us through 2016 necessitating us to bring on 15-20 developers. We need strong Core JAVA along with additional skillsets, such as Oracle, J2EE, Spring, GWT and or messaging, and preferably a background working for buy-side financials.

For over 35 years we have provided amazing opportunities and tremendous career growth for New York's technology community. Come join us.
